

DENTISTRY

PROCEDURE A (RM 4401 - RM 4800)

PROCEDURE B (RM 3601 - RM 4400)

i) Orthodontic

- 1 Fixed appliances Treatment package (both arches) – package 3
- 2 Provision of fixed appliance Upper/Lower full – package 3

ii) Oral surgery

- 3 Osteotomy maxillofacial Midface – Le Fort 3 with bone graft
- 4 Reconstruction of bony maxillofacial defect – with free flap

PROCEDURE C (RM 2801 - RM 3600)

i) Orthodontic

- 5 Fixed appliances Treatment package (both arches) – package 2
- 6 Provision of fixed appliance Upper/Lower full – package 2

ii) Oral surgery

- 7 Osteotomy maxillofacial Midface – Le Fort 3

PROCEDURE D (RM 2201 - RM 2800)

i) Orthodontic

- 8 Fixed appliances Treatment package (single arch) – package 3
- 9 Fixed appliances Treatment package (both arches) – package 1
- 10 Provision of fixed appliance Upper/Lower full, metal (per arch) – package 3
- 11 Provision of fixed appliance Upper/Lower full – package 1

ii) Oral surgery

- 12 Excision of parotid gland – total
- 13 Maxillectomy – extended with reconstruction
- 14 Temporomandibular joint (TMJ) Joint reconstruction – autograft
- 15 Open reduction and internal fixation Maxillofacial – panfacial/multiple bones

PROCEDURE E (RM 1801 - RM 2200)

i) Orthodontic

- 16 Fixed appliance Treatment package (single arch) – package 2
- 17 Provision of fixed appliance Upper/Lower full, metal (per arch) – package 2

ii) Oral surgery

- 18 Excision of parotid gland – partial/superficial
- 19 Mandibulectomy – segmental – with reconstruction – autograft
- 20 Maxillectomy – total
- 21 Temporomandibular joint (TMJ) Joint reconstruction – non autograft
- 22 Osteotomy maxillofacial Midface – Le Fort 2 with bone graft
- 23 Reconstruction of bony maxillofacial defect – with autograft

PROCEDURE F (RM 1501 - RM 1800)

ii) Oral surgery

- 24 Excision lesion soft tissue oral – with reconstruction – autograft
- 25 Mandibulectomy – segmental – with reconstruction – allograft
- 26 Maxillectomy – partial – external
- 27 Alveolar bone graft
- 28 Temporomandibular joint (TMJ) Open surgery
- 29 Osteotomy maxillofacial Mandible – ramus/body
- 30 Osteotomy maxillofacial Midface – segmental
- 31 Osteotomy maxillofacial Midface – Le Fort 1 with bone graft
- 32 Osteotomy maxillofacial Midface – Le Fort 2
- 33 Augmentation maxillofacial (per jaw/region) – chin /zygomatic bone – bone graft
- 34 Surgical exposure of tooth (per tooth) – without placement of attachment

PROCEDURE G (RM 1001 - RM 1500)

i) Orthodontic

- 35 Provision of removable appliance per arch Treatment package 2 – complex

ii) Oral surgery

- 36 Enucleation lesion maxillofacial – with reconstruction – autograft
- 37 Mandibulectomy – segmental
- 38 Mandibulectomy – marginal with reconstruction – autograft
- 39 Maxillectomy – partial – intraoral
- 40 Distraction osteogenesis maxillofacial – midfacial bone/ mandible
- 41 Osteotomy maxillofacial Mandible – genioplasty
- 42 Osteotomy maxillofacial Mandible – segmental
- 43 Osteotomy maxillofacial Midface – Le Fort 1

- 44 Reconstruction of bony maxillofacial defect – with allograft
- 45 Augmentation maxillofacial (per jaw/region) – chin/zygomatic bone – allograft

PROCEDURE H (RM 751 - RM 1000)

i) Orthodontic

- 46 Provision of removable appliance per arch Treatment package 1 – simple

ii) Oral surgery

- 47 Excision submandibular gland
- 48 Excision lesion soft tissue oral – with reconstruction – allograft
- 49 Mandibulectomy marginal with reconstruction – allograft
- 50 Salivary duct – repair/reposition
- 51 Temporomandibular joint (TMJ) Arthroscopic surgery
- 52 TMJ coronoidectomy
- 53 Open reduction and internal fixation – maxillofacial – midfacial/mandible
- 54 Distraction osteogenesis maxillofacial – alveolar bone
- 55 Augmentation maxillofacial (per jaw/region) – alveolar bone – autograft – bone graft
- 56 Antralplasty maxillary (sinus lift) – with autograft – bone graft
- 57 Apicectomy (per tooth) – posterior tooth – with retrograde filling
- 58 Surgical removal of impacted/unerupted tooth (per tooth) – complicated
- 59 Closure oro-antral fistula

PROCEDURE I (RM 601 - RM 750)

i) Oral surgery

- 60 Excision sublingual gland
- 61 Excision lesion maxillofacial – with reconstruction – allograft
- 62 Enucleation lesion maxillofacial More than 4 cm
- 63 Enucleation lesion maxillofacial With reconstruction – allograft
- 64 Mandibulectomy – marginal
- 65 Closure salivary gland fistula
- 66 Elevation maxillofacial zygomatic – arch/complex
- 67 Augmentation maxillofacial (per jaw/region) – alveolar bone – more than 4cm – allograft
- 68 Vestibuloplasty oral (per arch)
- 69 Apicectomy (per tooth) – posterior tooth
- 70 Transplantation tooth

PROCEDURE J (RM 401 - RM 600)

i) Periodontic

- 71 Flap surgery with osseous surgery
- 72 Flap surgery with autograft
- 73 Flap surgery with allograft
- 74 Guided tissue regeneration – with autograft
- 75 Mucogingival surgery – with autograft
- 76 Crown lengthening – with ostectomy
- 77 Tooth hemisection

ii) Oral surgery

- 78 Excision lesion maxillofacial – with reconstruction – autograft – bone graft
- 79 Suture/ revision soft tissue oro facial – complicated
- 80 Reduction and fixation bony maxillofacial – closed

PROCEDURE K (RM 301 - RM 400)

i) Periodontic

- 81 Root planning of tooth
- 82 Incision and drainage (I&D) of periodontal abscess
- 83 Flap surgery
- 84 Wedge surgery
- 85 Guided tissue regeneration
- 86 Mucogingival surgery With allograft
- 87 Mucogingival surgery With tissue substitute
- 88 Mucogingival surgery With synthetic substitute
- 89 Furcationplasty Tunnelling
- 90 Furcationplasty Grooveplasty
- 91 Crown lengthening – without ostectomy
- 92 Periapical surgery
- 93 Root resection

ii) Oral surgery

- 93 Excision lesion soft tissue oral – more than 2cm
- 94 Removal salivary duct calculus – open
- 95 Temporomandibular joint (TMJ) Arthrocentesis
- 96 Temporomandibular joint (TMJ) Non arthroscopy – therapeutic lavage and lysis
- 97 Antralplasty maxillary (sinus lift) – with allograft
- 98 Repositioning and/or stabilisation tooth – surgical
- 99 Surgical removal Tooth/Root (per tooth)
- 100 Surgical removal Displaced tooth/root (per tooth)
- 101 Surgical removal Impacted/Unerupted tooth (per tooth) – simple
- 102 Implant dental (per implant) – first stage surgery

- 103 Implant maxillofacial (per implant) – first stage surgery
- 104 Trigeminal nerve – repositioning
- 105 Removal foreign body – orofacial – complicated

PROCEDURE L (RM 201 - RM 300)

i) Periodontic

- 106 Gingivectomy – with laser

ii) Orthodontic

- 107 Fixed maxillary/mandibular expansion appliance – replacement

iii) Oral surgery

- 108 Enucleation lesion maxillofacial – 4 cm or less
- 109 Augmentation maxillofacial (per jaw/region) – alveolar bone – 4 cm or less allograft
- 110 Apicectomy (per tooth) – anterior tooth with retrograde filling
- 111 Surgical exposure of tooth (per tooth) – with placement of attachment
- 112 Trigeminal nerve – cryotherapy/sectioning
- 113 Biopsy lymph node – open facial/neck
- 114 Removal dental/maxillofacial implants – complicated
- 115 Removal internal fixation – maxillofacial

PROCEDURE M (RM 121 - RM 200)

i) Primary dental care

- 116 Root canal treatment – multiple root

ii) Periodontic

- 117 Subgingival scaling Fine with polishing – upper arch
- 118 Subgingival scaling Fine with polishing – lower arch
- 119 Splinting teeth

iii) Orthodontic

- 120 Provision of functional appliance – fixed
- 121 Fixed expansion appliance per arch – provision

iv) Oral surgery

- 122 Ablation oral mucosal lesion

- 123 Excision lesion maxillofacial
- 124 Excision lesion soft tissue oral with laser
- 125 Marsupialisation lesion – bony maxillofacial
- 126 Salivary duct Dilation
- 127 Salivary duct Ligation
- 128 Meatoplasty salivary duct orifice
- 129 Temporomandibular joint (TMJ) Reduction – closed
- 130 Frenotomy/Frenectomy with laser
- 131 Frenoplasty
- 132 Reimplantation tooth
- 133 Repositioning and/or stabilisation tooth – non surgical
- 134 Antral washout caldwell – Luc (per side)
- 135 Biopsy – bony maxillofacial

PROCEDURE N (RM 76 - RM 120)

i) Primary dental care

- 136 Inlay/Onlay per tooth
- 137 Crown per unit (inclusive of temporary crown)
- 138 Bridge per abutment/pontic (inclusive of temporary bridge)
- 139 Provision of full denture (acrylic) upper jaw (maxilla)
- 140 Provision of full denture (acrylic) lower jaw (mandible)
- 141 Arrest of tooth resorption
- 142 Apexification per tooth

ii) Periodontic

- 143 Gingivectomy
- 144 Gingivoplasty with laser
- 145 Supragingival scaling Fine with polishing – upper arch
- 146 Supragingival scaling Fine with polishing – lower arch
- 147 Subgingival scaling Gross with polishing – upper arch
- 148 Subgingival scaling Gross with polishing – lower arch
- 149 Pericision of periodontal ligament
- 150 Veneer gingival labial
- 151 Modification of tooth morphology
- 152 Recontouring of pre-existing restoration

iii) Orthodontic

- 153 Provision of active removable appliances per arch
- 154 Provision of functional appliance – removable
- 155 Replacement of functional appliance – removable
- 156 Removal of fixed appliance components (debond) per arch upper/lower
- 157 Provision of fixed retainers per arch (upper/lower)

- 158 Replacement of fixed retainers per arch (upper/lower)
- 159 Accessory – palatal/lingual arch Provision
- 160 Accessory – palatal/lingual arch Replacement
- 161 Placement of traction device (onplant) – per device Upper arch
- 162 Placement of traction device (onplant) – per device Lower arch

iv) Oral surgery

- 163 Excision lesion soft tissue oral – 2 cm or less
- 164 Marsupialisation lesion – soft tissue oral
- 165 Suture/ revision soft tissue orofacial – simple
- 166 Incision and drainage – orofacial abscess
- 167 Sequestrectomy – maxillofacial
- 168 Vestibuloplasty oral (per arch)
- 169 Alveolectomy/alveoloplasty – maxillofacial (per jaw) – maxilla/mandible – more than 4 cm
- 170 Frenotomy/frenectomy
- 171 Apicectomy (per tooth) – anterior tooth
- 172 Biopsy – soft tissue – oral
- 173 Removal foreign body – orofacial – simple
- 174 Examination/exploration – oro-maxillofacial

PROCEDURE O (RM 51 - RM 75)

i) Primary dental care

- 175 Provision of chrome cobalt denture – upper plate/lower plate with a single tooth
- 176 Placement of restoration – permanent tooth– multiple surface/with pin retention per tooth
- 177 Root canal treatment – single root
- 178 Pulpotomy per tooth
- 179 Retrieval of separated/broken instrument
- 180 Tooth bleaching – (external) – per arch

ii) Periodontic

- 181 Fixed maxillary/mandibular expansion appliance per arch – repair

iii) Orthodontic

- 182 Gingivoplasty
- 183 Supragingival scaling – gross with polishing Upper arch
- 184 Supragingival scaling – gross with polishing Lower arch
- 185 Guided tissue regeneration - second surgery
- 186 Occlusal adjustment

iv) Oral surgery

- 187 Debridement soft tissue orofacial
- 188 Wiring dental
- 189 Alveolectomy/Alveoloplasty maxillofacial (per jaw) – maxilla/mandible – 4 cm or less
- 190 Removal dental/maxillofacial implants – simple
- 191 Control of haemorrhage – post-surgery
- 192 Therapy – soft laser orofacial
- 193 Therapy – ultrasound oro-maxillofacial
- 194 Prosthesis Facial
- 195 Prosthesis Obturator

PROCEDURE P (RM 31 - RM 50)

i) Primary dental care

- 196 Provision of mouth guard
- 197 Extraction of tooth – permanent tooth
- 198 Provision of partial denture (acrylic) – first tooth

ii) Orthodontic

- 199 Impression taking for working model per arch (upper/lower)
- 200 Replacement of active removable appliance per arch
- 201 Provision of removable space maintainer per arch
- 202 Replacement of passive removable appliance (space maintainers) per arch
- 203 Provision of removable retainers per arch
- 204 Replacement of removable retainers per arch
- 205 Fixed expansion appliance per arch – impression taking
- 206 Fixed maxillary/mandibular expansion appliance per arch – adjustment
- 207 Fixed maxillary/mandibular expansion appliance Recemented
- 208 Fixed maxillary/mandibular expansion appliance Removal
- 209 Removal of fixed retainer per lower arch
- 210 Accessory Provision of headgear
- 211 Accessory Replacement of headgear
- 212 Accessory Removal
- 213 Lip bumper Provision
- 214 Lip bumper Replacement
- 215 Interdental stripping upper/lower arch

iii) Oral surgery

- 216 Implant dental (per implant) – second stage surgery
- 217 Implant maxillofacial (per implant) – second stage surgery

- 218 Fine needle aspiration cytology – orofacial
- 219 Control of haemorrhage – lesion

PROCEDURE Q (RM 21 - RM 30)

i) Primary dental care

- 220 Topical fluoride per arch
- 221 Extraction of tooth – supernumerary/retained root
- 222 Placement of restoration Deciduous tooth – per tooth
- 223 Placement of restoration Permanent tooth – single surface – per tooth
- 224 Stainless steel crown per unit
- 225 Repair perforated root
- 226 Tooth bleaching (internal) – per tooth

ii) Orthodontic

- 227 Orthodontic bands – placement
- 228 Provision of fixed retainers per arch (upper/lower) – repair
- 229 Accessory palatal/lingual arch – adjustment
- 230 Placement of coil spring upper/lower arch
- 231 Placement of orthodontic auxiliaries
- 232 Provision of strapping appliances
- 233 Placement of traction chain – impacted tooth
- 234 Repair of fixed retainers per arch (upper/lower)

iii) Oral surgery

- 235 Operculectomy oral
- 236 Removal salivary duct calculus – closed
- 237 Removal dental wires (per jaw)
- 238 Control of haemorrhage – post-extraction
- 239 Injection of medication – orofacial
- 240 Appliance Oral medicine
- 241 Appliance Oral surgery (per arch)
- 242 Splints

PROCEDURE R (RM 20)

i) Primary dental care

- 243 Fissure sealant per tooth
- 244 Extraction of tooth – deciduous tooth
- 245 Temporary dressing per tooth
- 246 Pulpectomy Deciduous tooth
- 247 Pulpectomy Permanent tooth

- 248 Provision of partial denture (acrylic) – for additional tooth for each jaw
- 249 Provision of chrome cobalt denture – for each additional tooth
- 250 Pulp capping (includes dressing) Direct
- 251 Pulp capping (includes dressing) Indirect
- 252 Denture repair denture plate
- 253 Denture repair replacement for each denture
- 254 Desensitisation per tooth
- 255 Treatment for dry socket
- 256 Arrest post extraction bleeding

ii) Orthodontic

- 257 Impression taking for study model
- 258 Placement of orthodontic separator – per arch
- 259 Adjustment of active removable appliance per arch (upper/lower)
- 260 Adjustment of passive removable appliance (space maintainers) per arch
- 261 Adjustment of removable retainers per arch
- 262 Repair of metal/acrylic component of removable appliance per arch
- 263 Adjustment of functional appliance – removable
- 264 Repair of functional appliance – removable
- 265 Orthodontic bands
- 266 Recemented
- 267 Removal (upper/lower)
- 268 Orthodontic brackets Placement – partial bonding per tooth (metal/ceramics)
- 269 Orthodontic brackets Replacement per tooth (metal/ceramics)
- 270 Orthodontic wire Placement – upper arch (multistrand)
- 271 Orthodontic wire Placement per arch upper/lower (Niti/ Cuniti/ SS/ TMA)
- 272 Orthodontic wire Adjustment
- 273 Orthodontic wire Replacement per arch upper/lower (Niti/Cuniti/ SS/TMA)
- 274 Accesory – adjustment of headgear
- 275 Lip bumper – adjustment
- 276 Placement of fixed appliance accessories for minor tooth movement (traction chain)
– one tooth

iii) Oral surgery

- 277 Reduction and fixation bony maxillofacial – temporary
