

OPHTHALMOLOGY

PROCEDURE A (RM 4401 - RM 4800)

- 1 Optic nerve Optic nerve sheath decompression

PROCEDURE B (RM 3601 - RM 4400)

- 2 Cornea Insertion of keratoprosthesis
- 3 Vitreous-retina-choroid Endoresection of choroidal lesion
- 4 Vitreous-retina-choroid Macular translocation
- 5 Vitreous-retina-choroid Vitrectomy with removal of lens/intraocular lens (IOL)/intraocular foreign body (IOFB)
- 6 Optic nerve Excision of optic nerve lesion

PROCEDURE C (RM 2801 - RM 3600)

- 7 Vitreous-retina-choroid Vitrectomy for removal of choroidal neovascular membrane/subretinal blood
- 8 Vitreous-retina-choroid Vitrectomy with membrane peel/membranectomy/retinectomy/subretinal fluid (SRF) drainage/endolaser
- 9 Optic nerve Biopsy of optic nerve
- 10 Orbit Exenteration of orbit with graft
- 11 Orbit Exenteration of orbit with orbital tissue volume enhancement

PROCEDURE D (RM 2201 - RM 2800)

- 12 Cornea Laser assisted in situ keratomileusis (LASIK)
- 13 Cornea Laser assisted superficial epithelial keratoplasty (LASEK)
- 14 Vitreous-retina-choroid Vitrectomy posterior
- 15 Vitreous-retina-choroid Vitrectomy with membrane peel
- 16 Vitreous-retina-choroid Implantation of intravitreal drug delivery device

PROCEDURE E (RM 1801 - RM 2200)

- 17 Eyelid Debulking of cartilage graft of upper/lower eyelid/canthus (bilateral)
- 18 Eyelid Reconstruction of eyebrow (bilateral)
- 19 Eyelid Reconstruction of upper/lower eyelid (bilateral)
- 20 Eyelid Reconstruction of upper/lower eyelid with flap or grafts (bilateral)
- 21 Eyelid Revision of ptosis correction (bilateral)
- 22 Anterior chamber Implantation of drainage device
- 23 Lens Extracapsular cataract extraction and filtering surgery
- 24 Lens Extracapsular cataract extraction and implantation of intraocular lens and filtering surgery
- 25 Lens Phacoemulsification and implantation of IOL and filtering surgery
- 26 Anterior uvea Biopsy of ciliary body

- 27 Anterior uvea Repair of cyclodialysis
- 28 Vitreous-retina-choroid Repair of retinal detachment – Scleral buckling
- 29 Vitreous-retina-choroid Repair of retinal detachment – Drainage air injection cryo explant (DACE)
- 30 Vitreous-retina-choroid Revision of retinal detachment repair – Pneumatic retinopexy
- 31 Vitreous-retina-choroid Revision of retinal detachment repair – Scleral buckling
- 32 Vitreous-retina-choroid Revision of retinal detachment repair – DACE
- 33 Extraocular muscle Exploration for extraocular muscle (bilateral)

PROCEDURE F (RM 1501 - RM 1800)

- 34 Eye globe Enucleation of eyeball with insertion of orbital implant
- 35 Eye globe Evisceration and insertion of implant
- 36 Eye globe Repair of ruptured eyeball
- 37 Eyelid Correction of upper/lower eyelid retraction (bilateral)
- 38 Eyelid Correction of telecanthus
- 39 Eyelid Eyebrow lift (bilateral)
- 40 Eyelid Correction of ptosis by frontalis sling (bilateral)
- 41 Eyelid Correction of ptosis by levator muscle/tarsal technique (bilateral)
- 42 Eyelid Revision of ptosis correction (unilateral)
- 43 Lacrimal system Canaliculodacryocystoplasty
- 44 Lacrimal system Canaliculodacryocystorhinostomy
- 45 Lacrimal system Conjunctivodacryocystorhinostomy
- 46 Lacrimal system Dacryocystorhinostomy – Endoscopic
- 47 Lacrimal system Dacryocystorhinostomy – Endoscopic with laser
- 48 Lacrimal system Dacryocystorhinostomy – External
- 49 Lacrimal system Dacryocystorhinostomy and insertion of tube – Endoscopic
- 50 Lacrimal system Dacryocystorhinostomy and insertion of tube – External
- 51 Lacrimal system Repositioning of lacrimal gland
- 52 Cornea Lamellar keratoplasty
- 53 Cornea Limbal stem cell transplant
- 54 Cornea Penetrating keratoplasty
- 55 Cornea Removal of keratoprosthesis
- 56 Anterior chamber Trabeculotomy
- 57 Lens Cryoextraction of lens
- 58 Lens Exchange of intraocular lens
- 59 Lens Extracapsular cataract extraction and implantation of intraocular lens
- 60 Lens Extracapsular cataract extraction
- 61 Lens Extracapsular extraction of lens (clear lens extraction (CLE))
- 62 Lens Intracapsular cataract extraction
- 63 Lens Intracapsular cataract extraction and implantation of intraocular lens
- 64 Lens Lens aspiration
- 65 Lens Lens aspiration and implantation of intraocular lens
- 66 Lens Lensectomy

- 67 Lens Lensectomy and implantation of intraocular lens
- 68 Lens Phacoemulsification
- 69 Lens Phacoemulsification and implantation of IOL
- 70 Anterior uvea Iridocyclectomy
- 71 Extraocular muscle Exploration for extra ocular muscle (unilateral)
- 72 Extraocular muscle Correction of squint – More than 2 muscles – (bilateral)
- 73 Extraocular muscle Correction of squint – More than 2 muscles – (unilateral)
- 74 Extraocular muscle Correction of squint/nystagmus – more than 2 muscles (bilateral)
- 75 Extraocular muscle Freeing of entrapped/adhesion extraocular muscle (bilateral)
- 76 Extraocular muscle Freeing of entrapped/adhesion extraocular muscle (unilateral)
- 77 Orbit Decompression of orbit

PROCEDURE G (RM 1001 - RM 1500)

- 78 Eye globe Amniotic membrane grafting – eye
- 79 Eye globe Enucleation of eyeball
- 80 Eye globe Evisceration
- 81 Eye globe Mucous membrane grafting – eye
- 82 Eyelid Blepharoplasty of upper/lower eyelid (bilateral)
- 83 Eyelid Botulinum toxin injection to eyelid (bilateral)
- 84 Eyelid Correction of upper/lower eyelid retraction (unilateral)
- 85 Eyelid Correction of ectropion/entropion/epiblepharon lower lid – bilateral
- 86 Eyelid Correction of epicanthus – bilateral
- 87 Eyelid Correction of entropion/ectropion/epiblepharon by lid reconstruction (bilateral)
- 88 Eyelid Correction of entropion/ectropion upper lid (bilateral)
- 89 Eyelid Correction of ptosis by frontalis sling (unilateral)
- 90 Eyelid Correction of ptosis by levator muscle/tarsal technique (unilateral)
- 91 Eyelid Debulking of cartilage graft of upper/lower eyelid/canthus (unilateral)
- 92 Eyelid Eyebrow lift (unilateral)
- 93 Eyelid Reconstruction of eyebrow (unilateral)
- 94 Eyelid Reconstruction of upper/lower eyelid (unilateral)
- 95 Eyelid Reconstruction of upper/lower eyelid with flap or grafts (unilateral)
- 96 Conjunctiva Excision of pterygium with conjunctival graft
- 97 Lacrimal system Botulinum toxin injection into lacrimal gland
- 98 Lacrimal system Dacryoadenectomy
- 99 Cornea Keratotomy
- 100 Cornea Photorefractive keratoplasty
- 101 Cornea Photorefractive keratectomy (PRK)/Phototherapeutic keratectomy (PTK)
- 102 Sclera Transplantation of sclera
- 103 Anterior chamber Goniotomy/Goniopuncture
- 104 Anterior chamber Laser gonioplasty

- 105 Anterior chamber Reformation of anterior chamber
- 106 Anterior chamber Removal of drainage device
- 107 Anterior chamber Revision of filtering bleb
- 108 Anterior chamber Trabeculectomy
- 109 Lens Implantation of intra ocular lens (IOL)/capsular tension ring
- 110 Lens Repositioning of intraocular lens
- 111 Anterior uvea Cyclodialysis
- 112 Anterior uvea Cyclophotocoagulation – Endoscopic/Transcleral/Transpupillary
- 113 Anterior uvea Excision of pupillary membrane
- 114 Anterior uvea Excision/Biopsy of iris lesion
- 115 Anterior uvea Insertion of aniridia ring
- 116 Anterior uvea Pupil sphincterotomy
- 117 Anterior uvea Removal of iris foreign body
- 118 Anterior uvea Repair of iridodialysis
- 119 Anterior uvea Repositioning of iris
- 120 Anterior uvea Pupiloplasty
- 121 Vitreous-retina-choroid Vitrectomy anterior
- 122 Vitreous-retina-choroid Removal of posterior segment intra ocular foreign body (IOFB) – Giant magnet
- 123 Vitreous-retina-choroid Vitreous biopsy
- 124 Vitreous-retina-choroid Cryotherapy of choroidal lesion
- 125 Extraocular muscle Biopsy of extraocular muscle (bilateral)
- 126 Extraocular muscle Excision of lesion of eye muscle (bilateral)
- 127 Extraocular muscle Excision of lesion of eye muscle (unilateral)
- 128 Extraocular muscle Repair of eye muscle (bilateral)
- 129 Extraocular muscle Repair of eye muscle (unilateral)
- 130 Extraocular muscle Correction of squint – 1 muscle (bilateral)
- 131 Extraocular muscle Correction of squint – 1 muscle (unilateral)
- 132 Extraocular muscle Correction of squint – 2 muscles (bilateral)
- 133 Extraocular muscle Correction of squint – 2 muscles (unilateral)
- 134 Orbit Correction of hypertelorism
- 135 Orbit Cryotherapy of orbital lesion
- 136 Orbit Excision of orbit lesion
- 137 Orbit Exenteration of orbit
- 138 Orbit Exploration of orbit
- 139 Orbit Insertion of orbit implant/prosthesis
- 140 Orbit Orbitotomy
- 141 Orbit Reduction of fracture of orbit and internal fixation
- 142 Orbit Removal of orbital foreign body
- 143 Orbit Removal of orbital implant
- 144 Orbit Repair of exposed orbital implant

PROCEDURE H (RM 751 - RM 1000)

- 145 Eyelid Blepharoplasty of upper/lower eyelid (unilateral)
- 146 Eyelid Correction of ectropion/entropion/epiblepharon lower lid (unilateral)

- 147 Eyelid Correction of epicanthus (unilateral)
- 148 Eyelid Graft to upper/lower eyelid (bilateral)
- 149 Eyelid Steroid injection into upper/lower eyelid (bilateral)
- 150 Eyelid Insertion of gold weight into upper eyelid (bilateral)
- 151 Eyelid Correction of entropion/ectropion/epiblepharon by lid reconstruction (unilateral)
- 152 Eyelid Correction of entropion/ectropion upper lid (unilateral)
- 153 Eyelid Excision of lesion of canthus (bilateral)
- 154 Eyelid Repair of canthus (bilateral)
- 155 Conjunctiva Conjunctival flap
- 156 Conjunctiva Conjunctival graft
- 157 Conjunctiva Excision of pterygium
- 158 Conjunctiva Division and release of conjunctival adhesion with free graft
- 159 Conjunctiva Reconstruction of conjunctiva
- 160 Conjunctiva Reconstruction of conjunctiva with graft
- 161 Cornea Biopsy of cornea
- 162 Cornea Keratectomy
- 163 Sclera Biopsy of sclera
- 164 Sclera Laser sclerostomy
- 165 Anterior chamber Removal of foreign material from anterior chamber
- 166 Lens Capsulectomy
- 167 Lens Removal of intraocular lens
- 168 Lens Removal of retained lens matter
- 169 Anterior uvea Cyclocryotherapy
- 170 Anterior uvea Division/release of synechiae
- 171 Anterior uvea Iridectomy
- 172 Anterior uvea Iridoplasty – laser
- 173 Anterior uvea Iridosclerotomy
- 174 Anterior uvea Iridotomy – laser
- 175 Anterior uvea Photomydriasis laser
- 176 Anterior uvea Pupilloplasty laser
- 177 Vitreous-retina-choroid Drainage of subretinal fluid
- 178 Vitreous-retina-choroid Pneumatic retinopexy
- 179 Vitreous-retina-choroid Removal of vitreous substitute – silicone oil
- 180 Vitreous-retina-choroid Removal of vitreous substitute – perfluorocarbon
- 181 Extraocular muscle Biopsy of extraocular muscle (unilateral)
- 182 Extraocular muscle Botulinum toxin injection into extra ocular muscle (bilateral)
- 183 Orbit Biopsy of orbital lesion
- 184 Orbit Incision and drainage of orbital lesion
- 185 Orbit Reduction of fracture of orbit
- 186 Orbit Orbital tissue volume enhancement
- 187 Orbit Reconstruction of orbital cavity
- 188 Orbit Revision of anophthalmic socket

PROCEDURE I (RM 601 - RM 750)

- 189 Eyelid Botulinum toxin injection to eyelid (unilateral)
- 190 Eyelid Canthoplasty (bilateral)
- 191 Eyelid Excision of lesion of canthus (unilateral)
- 192 Eyelid Exploration of upper eyelid (bilateral)
- 193 Eyelid Graft to upper/lower eyelid (unilateral)
- 194 Eyelid Graft to canthus (bilateral)
- 195 Eyelid Graft to canthus (unilateral)
- 196 Eyelid Steroid injection into upper/lower eyelid (unilateral)
- 197 Eyelid Insertion of gold weight into upper eyelid (unilateral)
- 198 Eyelid Removal of implant upper eyelid (bilateral)
- 199 Eyelid Tarsorrhaphy (bilateral)
- 200 Eyelid Tarsorrhaphy (unilateral)
- 201 Lacrimal system Dacryocystectomy
- 202 Lacrimal system Repair of lacrimal canaliculi
- 203 Cornea Anterior stromal puncture – cornea
- 204 Anterior chamber Anterior chamber tap
- 205 Anterior chamber Trabeculoplasty laser
- 206 Anterior uvea Division/Release of synechia – laser
- 207 Vitreous-retina-choroid Intravitreal injection – air/anti vascular endothelial growth factor (VEGF)/gas/perfluoro-carbon liquid/silicone oil/steroid/Antibiotic
- 208 Vitreous-retina-choroid Photodynamic therapy (not inclusive of dye)
- 209 Vitreous-retina-choroid Retinal cryopexy
- 210 Vitreous-retina-choroid Retinal diathermy
- 211 Vitreous-retina-choroid Retinal photocoagulation – focal/grid/pan retinal/segmental
- 212 Vitreous-retina-choroid Transpupillary thermal therapy
- 213 Vitreous-retina-choroid Vitreous tap
- 214 Vitreous-retina-choroid Repair of retinal tear/detachment – cryotherapy
- 215 Vitreous-retina-choroid Repair of retinal tear/detachment – photocoagulation
- 216 Extraocular muscle Botulinum toxin injection into extraocular muscle (unilateral)

PROCEDURE J (RM 401 - RM 600)

- 217 Eyelid Cantholysis (bilateral)
- 218 Eyelid Canthoplasty (unilateral)
- 219 Eyelid Canthotomy (bilateral)
- 220 Eyelid Excision of eyebrow lesion (bilateral)
- 221 Eyelid Excision of lesion of upper/lower eyelid (bilateral)
- 222 Eyelid Removal of implant upper eyelid (unilateral)
- 223 Eyelid Repair of canthus (unilateral)
- 224 Cornea Chelation of cornea
- 225 Cornea Gluing of corneal perforation
- 226 Cornea Tattooing of cornea
- 227 Sclera Excision of sclera lesion
- 228 Sclera Exploration of sclera
- 229 Sclera Repair of sclera

- 230 Extraocular muscle Correction of squint – Adjustment of adjustable suture (unilateral/bilateral)

PROCEDURE K (RM 301 - RM 400)

- 231 Basic procedures/tests Anterior segment angiography with reporting
232 Basic procedures/tests Fundus fluorescein angiography with reporting
233 Eyelid Biopsy upper/lower eyelid (bilateral)
234 Eyelid Biopsy upper/lower eyelid (unilateral)
235 Eyelid Canthotomy (unilateral)
236 Eyelid Cauterisation of lesion of canthus (bilateral)
237 Eyelid Cauterisation of lesion of upper/lower eyelid (bilateral)
238 Eyelid Correction of trichiasis upper/lower eyelid (bilateral)
239 Eyelid Cryotherapy of lesion of upper/lower eyelid/canthus (bilateral)
240 Eyelid Debridement of lesion of upper/lower eyelid/canthus (bilateral)
241 Eyelid Epilation of upper/lower eyelash (bilateral)
242 Eyelid Excision of eyebrow lesion (unilateral)
243 Eyelid Excision of lesion of upper/lower eyelid (unilateral)
244 Eyelid Exploration of upper eyelid (unilateral)
245 Eyelid Repair of upper/lower eyelid (bilateral)
246 Eyelid Repair of eyebrow (bilateral)
247 Lacrimal system Biopsy of lacrimal gland
248 Lacrimal system Biopsy of lacrimal sac
249 Conjunctiva Excision of conjunctival lesion
250 Conjunctiva Repair of conjunctiva
251 Cornea Repair of cornea
252 Sclera Laser suturelysis sclera
253 Sclera Removal of sclera foreign body
254 Anterior chamber Injection into anterior chamber
255 Anterior chamber Irrigation of anterior chamber
256 Lens Capsulotomy – laser
257 Vitreous-retina-choroid Laser vitreolysis
258 Others Harvesting of fascia lata

PROCEDURE L (RM 201 - RM 300)

- 259 Basic procedures/tests Indocyanine green angiography with reporting
260 Eye globe Examination under anesthesia (EUA) – eye
261 Eyelid Cauterisation of lesion of upper/lower eyelid (unilateral)
262 Eyelid Cauterisation of lesion of canthus (unilateral)
263 Eyelid Correction of trichiasis upper/lower eyelid (unilateral)
264 Eyelid Cryotherapy of lesion of upper/lower eyelid/canthus (unilateral)
265 Eyelid Debridement of lesion of upper/lower eyelid/canthus (unilateral)
266 Eyelid Electrolysis of upper/lower eyelash (bilateral)
267 Eyelid Electrolysis of upper/lower eyelash(unilateral)
268 Eyelid Epilation of upper/lower eyelash (unilateral)

- 269 Eyelid Frost suture to upper/lower eyelid (bilateral)
- 270 Eyelid Frost suture to upper/lower eyelid (unilateral)
- 271 Eyelid Incision and curettage upper/lower eyelid/canthus lesion (bilateral)
- 272 Eyelid Incision and curettage upper/lower eyelid/canthus lesion (unilateral)
- 273 Eyelid Incision and drainage upper/lower eyelid/canthus lesion (bilateral)
- 274 Eyelid Incision and drainage upper/lower eyelid/canthus lesion (unilateral)
- 275 Eyelid Release of tarsorrhaphy (bilateral)
- 276 Eyelid Release of tarsorrhaphy (unilateral)
- 277 Eyelid Removal of eyebrow sutures (bilateral)
- 278 Eyelid Removal of eyebrow sutures (unilateral)
- 279 Eyelid Removal of foreign body from upper/lower eyelid (bilateral)
- 280 Eyelid Removal of foreign body from upper/lower eyelid (unilateral)
- 281 Eyelid Removal of upper/lower eyelid suture (bilateral)
- 282 Eyelid Removal of upper/lower eyelid suture (unilateral)
- 283 Eyelid Repair of upper/lower eyelid (unilateral)
- 284 Eyelid Repair of eyebrow (unilateral)
- 285 Lacrimal system Incision and curettage of lacrimal canaliculus
- 286 Lacrimal system Incision and drainage of lacrimal sac
- 287 Lacrimal system Cautery retropunctal
- 288 Conjunctiva Exploration of conjunctiva
- 289 Conjunctiva Removal of conjunctival foreign body
- 290 Cornea Adjustment of corneal suture
- 291 Cornea Corneal scraping
- 292 Cornea Removal of corneal foreign body
- 293 Sclera Cauterisation of lesion of sclera
- 294 Sclera Drainage of lesion of sclera
- 295 Sclera Removal of sclera suture
- 296 Vitreous-retina-choroid Release of intraocular gas
- 297 Vitreous-retina-choroid Removal of implants/explants
- 298 Others Temporal artery biopsy

PROCEDURE M (RM 121 - RM 200)

- 299 Basic procedures/tests Syringing

PROCEDURE N (RM 76 - RM 120)

- 300 Basic procedures/tests Ultrasonography – B-Scan
- 301 Basic procedures/tests Electrophysiology – Electroretinogram (ERG)/Electrooculogram (EOG)/Visual evoked response (VER) with reporting
- 302 Basic procedures/tests Electrophysiology – Scotometry
- 303 Lacrimal System Dilatation of lacrimal punctum
- 304 Lacrimal System Enlargement of lacrimal punctum
- 305 Lacrimal System Insertion of plug/Intubation lacrimal duct
- 306 Lacrimal System Irrigation of nasolacrimal duct
- 307 Lacrimal System Probing/Syringing of lacrimal drainage system

- 308 Lacrimal System Removal of foreign body from lacrimal duct
- 309 Lacrimal System Removal of stent from nasolacrimal duct
- 310 Conjunctiva Biopsy of conjunctiva
- 311 Conjunctiva Cauterisation of conjunctival lesion
- 312 Conjunctiva Cryotherapy of conjunctival lesion
- 313 Conjunctiva Division/release of conjunctival adhesion
- 314 Conjunctiva Incision and drainage of conjunctival lesion
- 315 Conjunctiva Removal of conjunctival suture
- 316 Conjunctiva Subconjunctival/Subtenon injection
- 317 Cornea Carbolisation of cornea
- 318 Cornea Cauterisation of cornea
- 319 Cornea Cryotherapy of cornea
- 320 Cornea Debridement of cornea
- 321 Cornea Removal of corneal suture
- 322 Orbit Retrobulbar/peribulbar injection

PROCEDURE O (RM 51 - RM 75)

- 323 Basic procedures/tests Ultrasonography – A-Scan
- 324 Basic procedures/tests Retinal Imaging – others (e.g. Optical coherence tomography, scanning laser ophthalmoscopy)
- 325 Basic procedures/tests Corneal topography with reporting

PROCEDURE P (RM 31 - RM 50)

- 326 Basic procedures/tests Tonometry
- 327 Basic procedures/tests Gonioscopy
- 328 Basic procedures/tests Perimetry automated (Humphrey) with reporting
- 329 Basic procedures/tests Anterior segment/Fundus photography
- 330 Basic procedures/tests Colour vision test – 100 Hue

PROCEDURE Q (RM 21 - RM 30)

- 331 Basic procedures/tests Eye dressing
- 332 Basic procedures/tests Eye irrigation
- 333 Basic procedures/tests Apply glass shield
- 334 Basic procedures/tests Apply eye prosthesis (artificial eye)
- 335 Basic procedures/tests Eye dressing and toilet
- 336 Basic procedures/tests Insertion of glass shell
- 337 Basic procedures/tests Indirect ophthalmoscopy
- 338 Basic procedures/tests Schirmers test
- 339 Basic procedures/tests Pachymetry
- 340 Basic procedures/tests Perimetry manual (Tangent, Bjerrum)
- 341 Basic procedures/tests Hess/Lees test
- 342 Basic procedures/tests Colour vision test – D15/Ishihara

343 Basic procedures/tests Contrast sensitivity test

PROCEDURE R (RM 20)

344 Basic procedures/tests Apply pad and bandage

345 Basic procedures/tests Apply pad and eye shield
