

PLASTIC SURGERY

PROCEDURE A (RM 4401 - RM 4800)

- 1 Arteriovenous: Ligation of acquired arteriovenous fistula
- 2 Arteriovenous: Excision of arteriovenous malformation (complex)
- 3 Ear External ear: Reconstruction of external ear using graft
- 4 Ear External ear: Reconstruction of pinna (microtia/trauma)
- 5 Eyelid Total reconstruction (bilateral)
- 6 Face Fronto orbital advancement
- 7 Flap Distant flap of skin and muscle
- 8 Flap Microvascular free tissue transfer
- 9 Flap Neurovascular island flap
- 10 Hand Replantation of wrist by microsurgery
- 11 Mandible Bilateral distraction osteogenesis
- 12 Mandible Other subsigmoid osteotomy
- 13 Mandible Sagittal split osteotomy
- 14 Mandible Vertical subsigmoid osteotomy
- 15 Mandibular condyle – open reduction of fracture
- 16 Maxilla Distraction osteogenesis
- 17 Maxilla Le Fort I osteotomy
- 18 Nerve Exploration and grafting of Plexus brakial
- 19 Orbit Exenteration
- 20 Orbit Orbital floor – Exploration and grafting of fracture
- 21 Salivary gland Parotidectomy – Superficial
- 22 Salivary gland Parotidectomy – Total conservative

PROCEDURE B (RM 3601 - RM 4400)

- 23 Arteriovenous Ligation of arteriovenous fistula
- 24 Arteriovenous Excision of arteriovenous malformation of face
- 25 Breast Reconstruction of breast – using rectus abdominis myocutaneous (TRAM)/lattissimus dorsi myocutaneous flap
- 26 Breast Mastectomy – Subcutaneous with immediate implant
- 27 Breast Reduction mammoplasty
- 28 Ear Facial nerve – Exploration
- 29 Ear Facial nerve – Grafting of facial nerve
- 30 Eyelid Total reconstruction (unilateral)
- 31 Flap Reconstruction of delto pectoralis flap
- 32 Flap Reconstruction of pectoralis major myocutaneous flap
- 33 Flap Extensive excision with multiple flap closures
- 34 Flap Large local flap including myocutaneous and fascia
- 35 Hand Pollicisation of finger
- 36 Hand Replantation of digit by microsurgery
- 37 Hand Upper limb – Nerve graft
- 38 Mandible Extensive resection

- 39 Mandible Reconstruction
- 40 Mandible Segmental osteotomy
- 41 Mandible Distraction osteogenesis (unilateral)
- 42 Maxilla Segmental osteotomy
- 43 Maxilla Maxillectomy (unilateral)
- 44 Orbit Correction of hypertelorism
- 45 Orbit Decompression
- 46 Orbit Open reduction of fracture and floor reconstruction
- 47 Orbit Orbital floor – Exploration
- 48 Skull Craniostenosis (for more than one suture)/Vault Reconstruction
- 49 Thorax Correction of pectus deformity of chest wall
- 50 Tongue Glossectomy – Total (including block dissection)
- 51 Trauma Face – Internal fixation of facial fractures – complex
- 52 Trauma Facial lacerations – complex

PROCEDURE C (RM 2801 - RM 3600)

- 53 Abdomen/Abdominal wall Abdominoplasty
- 54 Artery Repair of artery using vein graft
- 55 Artery Repair of artery using vein graft – Microsurgical
- 56 Breast Reconstruction using local flap
- 57 Burns Escharectomy/Tangential excision – More than 10%
- 58 Chest wall – Chest wall deformity correction (open or laparoscopic)
- 59 Chin Genioplasty
- 60 Cystic Excision of hygroma
- 61 Ear External ear – Reconstruction of pinna (for “Bat Ears”) (bilateral)
- 62 Ear External ear – Reconstruction using cartilage graft
- 63 Eyelid reconstruction with grafts
- 64 Eyelid Ptosis repair with tendon grafts (bilateral)
- 65 Facial cleft repair
- 66 Excision of haemangioma/lymphangioma (face or limbs)
- 67 Hand Dupuytren's dermofasciectomy
- 68 Hand Flexor tendon – First stage reconstruction
- 69 Lymph nodes Block dissection – Cervical lymph nodes (selective/modified/radical)
- 70 Lymph nodes Block dissection – Pelvic lymph nodes
- 71 Lymphangioma Excision of large lymphangioma
- 72 Mandible Mandibulectomy
- 73 Maxilla Surgically assisted arch expansion
- 74 Mouth Reconstruction using flap
- 75 Nose Septo-rhinoplasty
- 76 Nose Septo-rhinoplasty with graft/implant
- 77 Orbit Dacrocysto-rhinostomy with/without insertion of tube
- 78 Orbit Exploration
- 79 Skin Excision of large congenital pigmented nevus
- 80 Skull Craniostenosis (for single suture)
- 81 Spine Myelomeningocele – Extensive repair and skin flaps

- 82 Tongue Glossectomy – Partial
- 83 Trauma Skin – Toilet and suture (T&S) – Complex major lacerations
- 84 Tumour – Soft tissue tumour Wide excision with flap/graft closure

PROCEDURE D (RM 2201 - RM 2800)

- 85 Abdomen/Abdominal wall Abdominoplasty for Prune Belly syndrome
- 86 Alveolar cleft – Alveolar bone graft
- 87 Arteriovenous Excision of arteriovenous malformation (superficial)
- 88 Arteriovenous Creation of arteriovenous fistula
- 89 Artery Repair of artery
- 90 Artery Repair of artery or vein – Microsurgical
- 91 Breast Mastectomy – Combined with chest coverage
- 92 Cleft lip Revision of primary repair of lip
- 93 Cleft lip Repair of lip/nose/palate
- 94 Cleft lip Primary repair of palate
- 95 Eyelid Correction of ptosis
- 96 Eyelid Correction of telecanthus
- 97 Eyelid Ptosis repair by tarsal plate reduction (bilateral)
- 98 Graft Split autograft of skin – Large site
- 99 Hand Syndactyly/polydactyly correction
- 100 Hand Flexor tendon graft as sole procedure
- 101 Hand Flexor tendon – Secondary repair/Second stage reconstruction
- 102 Hand Prosthetic arthroplasty of digital joint(s)
- 103 Hand Internal fixation of scaphoid fracture
- 104 Hand Tenolysis of flexor
- 105 Lacrimal system Repair of torn canaliculus
- 106 Lymphangioma Excision of small lymphangioma
- 107 Mandible Open reduction of fracture
- 108 Mandible Partial resection
- 109 Maxilla Open reduction of fracture
- 110 Maxilla Partial resection
- 111 Nerve Cranial, facio-hypoglossal or accessory anastomosis
- 112 Nerve Secondary repair of peripheral nerve including microsurgery
- 113 Nose Rhinoplasty following trauma or excision of tumour
- 114 Nose Total excision of nose (rhinectomy)
- 115 Nose Alar of nose reconstruction with composite graft
- 116 Nose Augmentation rhinoplasty with allografts
- 117 Nose Deviated nose correction involving refracture
- 118 Salivary gland Excision submandibular gland
- 119 Skin Extensive excision with large flap closure
- 120 Skull Cranioplasty – Reconstructive
- 121 Thorax Excision of chest wall tumour
- 122 Trauma Facial lacerations – Intermediate
- 123 Zygomatic complex Open reduction of fracture

PROCEDURE E (RM 1801 - RM 2200)

124 Breast Mastectomy – Subcutaneous with immediate implant

PROCEDURE F (RM 1501 - RM 1800)

- 125 Abdomen/Abdominal wall Resuture of burst abdomen
- 126 Alveolar malignant lesion – Excision
- 127 Breast Mastectomy – Radical/Modified radical
- 128 Breast Augmentation mammoplasty (unilateral)
- 129 Breast Mastopexy (unilateral)
- 130 Burns Escharectomy/Tangential excision – 10% or less
- 131 Cleft lip Primary repair of lip
- 132 Ear External ear – Excision of lesion of external ear
- 133 Ear External ear – Reconstruction with skin grafts
- 134 Ear Excision of pre-auricular sinus
- 135 Eyelid Correction of epicanthus
- 136 Eyelid Tarsomullerectomy
- 137 Flap Local flap (small)
- 138 Graft Full thickness graft – More than 1 cm²
- 139 Graft Split autograft of skin – Medium site
- 140 Hand Congenital band release
- 141 Hand Finger tip reconstruction with flap
- 142 Hand Transposition ulnar nerve
- 143 Hand Upper limb – Nerve repair
- 144 Hand Upper limb – Reduction and fixation of hand fractures
- 145 Lymph nodes Block dissection – Axillary lymph nodes
- 146 Lymph nodes Block dissection – Inguinal lymph nodes
- 147 Mandible Harvesting bone graft from chin
- 148 Mandible Harvesting bone graft from ramus
- 149 Maxilla/Mandible Excision of lesion
- 150 Maxilla/Mandible Internal fixation
- 151 Mouth Reconstruction using graft
- 152 Nerve Carpal or cubital tunnel release (open/endoscopic)
- 153 Nerve Excision of peripheral nerve lesion
- 154 Nerve Primary graft/repair of peripheral nerve
- 155 Nose Nasal septum – Septoplasty
- 156 Nose Nasal septum – Submucous resection
- 157 Nose Nasal fracture reduction
- 158 Oral Cavity – Excision malignant lesion
- 159 Skin Pressure ulcer excision
- 160 Trachea Tracheostomy
- 161 Trauma Face – Internal fixation of facial fractures – Intermediate
- 162 Trauma Skin – T&S – Lacerations 10-20cm
- 163 Trauma Debridement and suture – Deep extensive wounds
- 164 Varicose veins Excision of venous ulcer

PROCEDURE G (RM 1001 - RM 1500)

- 165 Biopsy Open biopsy of peripheral nerve, artery, muscle
- 166 Breast Mastectomy – subcutaneous
- 167 Breast Wide local excision of lesion of breast
- 168 Breast Inverted nipples correction
- 169 Breast Operations on nipple
- 170 Breast Removal of prosthesis from breast
- 171 Ear External ear – Reconstruction of pinna (for “Bat Ears”) (unilateral)
- 172 Eyelid Correction of epiblepharon
- 173 Eyelid Excision of lesion of canthus
- 174 Eyelid Ptosis repair by tarsal plate reduction (unilateral)
- 175 Eyelid Skin graft
- 176 Graft Autologous bone graft
- 177 Graft Full thickness graft – 1 cm² or less
- 178 Graft Split autograft of skin – small site
- 179 Hand Amputation of hand
- 180 Hand Repair of flexor tendon of hand
- 181 Hand Upper limb – local flaps
- 182 Lip Excision biopsy of lip lesion
- 183 Lymph node Excision biopsy of cervical node
- 184 Mandible Extra oral fixation
- 185 Maxilla Extra oral fixation
- 186 Muscle Excision of muscle lesion
- 187 Oral Mucosa – laser ablation of lesion
- 188 Oral Vestibuloplasty
- 189 Orbit Enucleation of eyeball
- 190 Orbit Evisceration of eyeball
- 191 Salivary gland Open extraction of calculus from submandibular duct
- 192 Skin/scalp Excision of tumour cyst
- 193 Skin Dermabrasion of skin – extensive
- 194 Skin Pilonidal sinus – excision
- 195 Skin Excision of skin lesion – more than 2cm size
- 196 Tongue Lesion of tongue – excision biopsy
- 197 Trauma Face – Internal fixation of facial fractures – simple
- 198 Trauma Facial lacerations – simple – lacerations 5-10cm
- 199 Trauma Debridement and suture – deep wounds
- 200 Trauma Debridement/drainage of bone(s) (including sequestectomy)
- 201 Zygomatic complex Closed reduction of fracture

PROCEDURE H (RM 751 - RM 1000)

- 202 Breast Excision biopsy of breast lesion after localisation
- 203 Breast Excision biopsy of breast lesion
- 204 Breast Repeat local excision to clear margins of breast lesion
- 205 Breast Mastectomy – simple

- 206 Breast Microdocheotomy
- 207 Ear External ear – repair of external ear
- 208 Ear Excision of ear lesion
- 209 Ear Excision of pre-auricular skin tag
- 210 Ear Excision of pre-auricular abnormalities
- 211 Eyelid Biopsy of lesion of eyelid
- 212 Eyelid Botox injection
- 213 Eyelid Ectropian correction (unilateral)
- 214 Eyelid Suture of eyelid laceration
- 215 Eyelid Tarsorrhaphy
- 216 Hand Digital nerve repair by microsurgery
- 217 Hand Fusion of metacarpo-phalangeal/intercarpal joint
- 218 Hand Excision of ganglion (including repeat excision)
- 219 Hand Refashioning of stump(s)/digit(s)
- 220 Lacrimal system Probing under GA
- 221 Lymph node Excision biopsy of lymph node
- 222 Mandible Closed reduction of fracture
- 223 Maxilla/Mandible Enucleation of small cyst
- 224 Maxilla/Mandible Intermaxillary fixation
- 225 Maxilla/Mandible Removal of fixator
- 226 Maxilla Closed reduction of fracture
- 227 Nail Excision of nail bed (Zadeks operation)
- 228 Nail Wedge excision of nail
- 229 Oral Cavity – excision of benign oral lesion
- 230 Oral Mucosa – graft harvesting
- 231 Oral Mucosa – removal of excess tissue
- 232 Oral Mouth mucosal graft
- 233 Oral Biopsy of lesion of palate
- 234 Oral Excision/Destruction of lesion of palate
- 235 Salivary gland Excision of sublingual gland
- 236 Skin/Scalp T&S of laceration
- 237 Skin Drainage of abscess/haematoma – large
- 238 Skin Removal of foreign body
- 239 Skin Pilonidal sinus – laying open
- 240 Skin Excision of skin lesion – 1-2cm size
- 241 Tongue Frenectomy of tongue
- 242 Trauma Muscle – repair of extensive muscle tear
- 243 Trauma Skin – T&S – lacerations with jagged margin 5cm or less

PROCEDURE I (RM 601 - RM 750)

PROCEDURE J (RM 401 - RM 600)

- 244 Breast Removal of prosthesis from breast
- 245 Breast Drainage of breast abscess
- 246 Eyelid Corrective cantopexy (unilateral)
- 247 Eyelid Excision of eyebrow lesion

- 248 Eyelid Excision/curettage/Cryotherapy of lesion
- 249 Eyelid Eyebrow suture
- 250 Maxilla/Mandible Biopsy of bone lesion
- 251 Maxilla/Mandible Removal of osteosynthesis plates and screws
- 252 Oral Intraoral incision and drainage of abcess
- 253 Oral Cavity – Biopsy of lesion
- 254 Oral Mucosa – Suture
- 255 Oral Labial frenectomy
- 256 Skin Drainage of abscess/haematoma – small
- 257 Skin Drainage of abscess/haematoma – small (neonatal)
- 258 Skin Dermabrasion of skin – limited
- 259 Skin Incision and drainage (unspecified)
- 260 Skin Secondary suture of skin
- 261 Skin Excision of skin lesion – less than 1cm size
- 262 Skin Skin lesion – destruction with laser
- 263 Tongue Biopsy of tongue lesion
- 264 Trauma Skin – T&S – lacerations with straight margin 1-5 cm
- 265 Trauma Debridement and suture – superficial wounds
- 266 Trauma Debridement and suture – unspecified wounds

PROCEDURE K (RM 301 - RM 400)

- 267 Breast Percutaneous biopsy of lesion of breast
- 268 Biopsy Open bone biopsy
- 269 Biopsy Needle/Tru-cut muscle biopsy
- 270 Biopsy Biopsy of skin lesion
- 271 Burns Escharectomy/Tangential excision
- 272 Burns Extensive dressing of burns of skin
- 273 Eyelid Canthotomy/Cantholysis/Curettage
- 274 Eyelid Drainage of lesion
- 275 Mandible Manipulation
- 276 Muscle Repair of small muscle tear
- 277 Nail Nail avulsion
- 278 Nose Excision of lesion of nose (external)
- 279 Nose Nasendoscopy
- 280 Nose Packing of nasal cavity (as sole procedure)
- 281 Skin Aspiration of abscess/haematoma
- 282 Skin Introduction of substance/hormone pellet into skin
- 283 Skin Excision of keloid
- 284 Skin Injection into subcutaneous tissue/painful trigger point
- 285 Trauma Skin – T&S – lacerations with straight margin 1cm or less

PROCEDURE L (RM 201 - RM 300)

PROCEDURE M (RM 121 - RM 200)

PROCEDURE N (RM 76 - RM 120)

PROCEDURE O (RM 51 - RM 75)

286 Skin Keloid – Kenocort injection

PROCEDURE P (RM 31 - RM 50)

PROCEDURE Q (RM 21 - RM 30)

PROCEDURE R (RM 20)
